- Process fixed income activity including maturities, coupon payments, and paydowns
- Track voluntary corporate actions, research terms, coordinate client responses, elect at custodian, and process the events
- Process mandatory corporate actions on effective date using market data
- Research and resolve discrepancies in activity between system and custodian
- Reconcile cash, shares, and activity between banking operations system and custodian
- Provide client support via phone and email
- Process cash movement to facilitate security processing activity
- Follow daily schedule to ensure all tasks are completed as required per established timelines

Skills & Knowledge:

- BA/BS required. Degree in finance, accounting, economics or statistics strongly preferred.
- Three to five years of work experience in security processing, banking or trust operations
- Basic knowledge of security processing, income collection, accounting, balancing and banking
- Strong mastery of Microsoft Office, especially Excel
- Ability to excel independently or as part of a team
- Can communicate effectively and transfer thoughts into expressed ideas
- Detail oriented and responsive

Position Benefits:

- Competitive salary with 401(k) and company match
- Excellent health benefits (Medical/Dental/Vision)
- Flex spending accounts
- Tuition reimbursement
- Personal Gym reimbursement
- Free Gym onsite
- Free Pizza Fridays and onsite Happy Hours
